Get Creative!

- ✚ Use your alma mater's colors! What was the color of cafeteria floor? How about the walls? Remember when choosing colors, you need to use two different wall fabrics one slightly lighter than the other to achieve the dimensional look.
- ✚ Do you remember what your school lunch cost? Swap out those numbers with mine! How about the lunch menu? For the lunch signs use your school pride colors.

Applique & Embroidery

- ✚ The applique templates have a quarter inch seam allowance added. For fusible applique, cut your pieces on the solid line.
- ✚ Trace the letters for the signs onto your fabric *or* print page three onto fabric. Use a backstitch.
